TYPE OF CONTRACT NEC3 Engineering and Construction Contract (2005)

CONTRACT VALUE £0.7m

PROJECT DURATION Jan – Aug 2012

PROJECT SCOPE

The buildings known as 'A'Block comprise a three storey slab block with brick infill panels housing office and laboratory space.

The project consisted of the design, supply and installation of aluminium rainscreen overcladding and high-performance replacement windows. Other associated minor works included repairs to existing fabric and lightning protection..
